Misty Morning Photography - Great Photography!

Misty Morning Photography - We had the pleasure of meeting up with Drew very recently at The Children's Air Ambulance Fundraising event at Bath Racecourse.

Drew to the rescue

I rang Drew on a miserable evening when our photographer cancelled. Drew came to our rescue at very short notice. He put everyone at ease during the session and talked me through step by step what was happening. The photos are superb, exactly what I wanted. See the photos for yourself when we release them (Porcelain Red). I can whole-heartedly recommend Drew who managed a very excited customer. And such a nice bloke too. Well done Drew.

Andrew is a very good photographer

Andrew is a very good photographer. His photography skills are Awesome. He took photos of my friends and me when we went to visit the Roman Bath. It was a pleasant surprise for us that he introduced us to us and took brilliant pictures for us. We have seen photographers taking pictures of people in the streets on Instagram reels and we experienced it through Andrew! God bless

There just aren't enough words to possibly describe how amazing each and every photo. He has a magical way of finding the perfect angle, lighting and of course expressions.

Thanks Andrew

Had a great shoot with Drew, down at the Harbourside. A very relaxed and fun photographer. He knew exactly what he wanted and where to go to get the best images. I look forward to working with him again

I had a outdoor shoot with Drew back in December. He was friendly, funny and great to work with. We shot fire, hoops, and other circus skills. It wasn't something he'd done before but we got some fantastic images, especially of my fire skills! I had a great time on the shoot despite the cold and am really pleased with the photos - thank you! 😊

Kevin Rice (Kev's IT)

Andrew is amazing at what he does! I met him through Screenpop online networking and never realised how close he was from me as well as how amazing the photos would be!

He took the time to suggest photo ideas as well as take into account what i wanted to achieve which was exceeded at every step of the way with Andrew.

Will definitely be back to have another shoot in the future!

I had an excellent first shoot with Drew and would thoroughly recommend working with him.

Comms were clear and professional throughout. On the day, I was an hour late due to a cancelled train and Drew was understanding and supportive throughout.

Once we met, Drew instantly put me at ease and we got on very well. Drew has a brilliant creative eye and had loads of great ideas for what we could shoot and what locations we could use around Bristol Harbourside. He clearly has a great eye for natural light and an eye for detail.

The shoot flew by as we had a lot of fun and it was really relaxed allowing us both to be creative. I would definitely recommend choosing Drew to work with. I had a blast working with him and look forward to doing more shoots with him in the future.

Had a lovely first shoot with Drew after meeting up at the Bristol Social and discussing some ideas.

We shot in my home studio and it was clear from the start that Drew had brilliant ideas on how to compose each shot and use the space to our advantage. I could see straight away he uses natural light really well. I was very happy with the back of the camera images, which were flattering and had some gorgeous colours in them. We listened to some great music (courtesy of Drew) and time flew by.

Drew is great company, very thoughtful and friendly and took my ideas on board. I felt relaxed throughout the shoot and very much appreciated the brownies he brought over!

Thanks for a brilliant shoot Drew and look forward to working with you again in future.

Wonderful & relaxed first shoot with Drew

What a lovely and considerate guy! From pre-comms alone (and a very brief meeting at one of the socials!) I got a genuine, friendly vibe and could tell we would get along.

We planned a half day shoot with two different themes. First up was a pirate shoot on location where Drew turned up on time (well, early!) and we settled into the day so easily, roaming around and making the most out of our location whilst getting to know each other & creating some great images.

Secondly was a coffee-house editorial style! I really appreciated this suggestion from Drew, telling me he had had a look at my portfolio and wanted to do something different that wasn't already on there. I loved the consideration for that since I'm keen to embody some variety and avoid getting typecast! A chance to show some versatility was much appreciated. And the back of the camera shots looked absolutely brilliant.

We really crafted up some atmospheres today!

Drew is a kind-hearted and laid back professional.

I can absolutely recommend to all models. Thanks Drew!

Emma Hildesly (NSPCC South West Fund-Raising Team)

Drew has kindly given his time to help photograph three key charity events for me this year. I am grateful for his enthusiasm and dedication to NSPCC Bristol - his skills have produced some great shots that we've been able to offer event guests and use for local publicity. I'd recommend Drew if you're looking for a local photographer who has some great local knowledge too!

A great, relaxed location shoot with Drew in Cheltenham last Friday. Drew's pre comms were great and he found me in the arranged meeting place. This was our second shoot and so we had a good catch up over a coffee and discussed ideas before we got started. Whilst shooting in various locations around Cheltenham, we got on well and our ideas flowed. Drew was open to my shoot ideas and also gave direction well when required. Drew was very kind and brought me lunch as this was an all day booking. The whole shoot was enjoyable and very relaxed. Drew showed me back of camera as well. All in all a great way to spend a sunny day in Cheltenham. I wish Drew all the best with his Photography business and would shoot with him again if the opportunity arose. I would also recommend Drew to other models. Thanks for your time Drew 😊 x

Wow what a good second shoot we had yesterday!

We started out on the beach, the sun was beaming down and I was modelling in swimwear my favourite what more can you want!

We then went on to the second location it did end up getting a bit chilly so we did all we can there but still managed to get some awesome images.

Misty is a lovely guy great company and such a pleasure to work with.

The shoot went way to quick! I really really enjoyed myself.

I can not wait to see the final images and to shoot again.

Thank you for a very enjoyable shoot 😊

HIGHLY recommended

I had my second shoot with misty today and it was just as much fun as the last! He'd booked a hotel room and we discussed a few ideas of places and things we'd like to shoot and do and then got straight to it! We created some really nice images using the bed and shower and some interesting (in a good way!) ones using the curtain which I can't wait to see! All in all he was his usual friendly respectful self and I can't ask for anymore from him

Robyn Byrd

Shot with misty for the first time today and we couldn't have had a better shoot! Pre comms we're great and we settled in a few locations and themes that we'd work out the specifics of on the day (weather dependant). The shoot itself was lovely with Misty knowing the first of the second locations amazingly and knowing where the best spots for lighting were! We had a few onlookers who limited the levels we were able to shoot to but we still got some cracking shots - can't wait to see them!

Angel Black UK

Misty and I arranged a second shoot and despite the weather not playing nicely with us, we were able to adapt and still came away with great images. Misty's pre shoot communications are excellent, well thought out and properly planned - it's always useful to know what the plan is in advance!

He arrived on time and ready to go, so after a brief look around, we jumped straight into it. Misty clearly knows his way around a camera, not hesitating to adjust his settings throughout the shoot. He carries an air of calmness about him and the shoot never felt rushed. Thankyou for a fantastic shoot! Angel x

Misty is a gentle, jolly soul. His photography technique is excellent; he guides but is not formulaic, he has ideas and is open to suggestions, he is thoughtful and respectful.

Misty communicated well prior to the shoot, as well as during it and afterwards. We met on a very cold hill in Bristol, and although I have strong Northern blood even I felt chilled. Misty made sure my needs were paramount and took me for coffee and cake to warm up, and just before a hailstorm hit Bristol : impeccable timing!

The images I've seen so far (on his camera during the shoot) were super.

I'm looking forward to working with him again, very much so.

Mystical_mysty_model

I had a lovely photo shoot with this kind friendly photographer. Drew showed up on time and we shot at a location we both agreed with.

The photos looked great on the camera and I can't wait to see them and put them on my Purple Port page. I'd definitely work with him again he has Lots of talent to get the perfect arrangement of a model photo.

Thanks for a wonderful photo shoot .. Misty

This was my first shoot with Drew, great straight forward pre communication as well as through the shoot. We covered a mixture of different styles from fashion to art nude. I collected him for the train station near a local beauty spot I'd chosen. Was an utter delight to work with him, very relaxed, professional and showed me images as we went and looked like we got some great shots! Drew is very easy to get on with and clearly passionate for photography, respectful gentleman and very considerate to others.

Highly recommend. Thank you Drew x

Had a great shoot with Misty. He was very attentive and kind about the fact that it was very cold when we shot, and was able to adapt to my needs, which I appreciated a lot.

We had a great time seeking out areas in Fort Gardens to shoot, Misty certainly has an eye for interesting backgrounds. A genuinely lovely guy who creates a chilled atmosphere. We produced some great shots!

I had a shoot with Andrew recently and I must say we had a lot of fun!

I really enjoyed every single minute of that shoot - Misty is a lovely person, very professional, working with him was a pleasure (and he's also an animal lover so a massive from me!) He was very understanding about the weather conditions (10 degrees outside) so he also offered a lovely coffee/hot chocolate break.

Definitely looking forward to working with Andrew again and would highly recommend.

I had such a good shoot with Andrew! I honestly could have shot with him for hours and hours. We did a location shoot and I loved it! It was a cold day but luckily in some secluded sunny spots it felt quite warm.

Andrew always made sure I was warm enough and if I needed a break. Our conversation flowed all throughout the shoot and we had a laugh. Andrew is very respectful, relaxed, professional and a total gentleman!

I saw the images after each set which is very helpful. I'm excited to see the final results and to shoot with him again. Highly Recommended thank you for such a good shoot!

I had a great first shoot with Drew! We met in a cafe a few days before to share ideas and we got on well right away. The day of our shoot was very cold and rainy, but Drew was mindful of how cold I was getting and even kindly got me a hot drink.

The shoot itself was great fun. Drew is a funny guy who knows how to joke around and have a laugh while still being professional and getting loads of high quality photos. I highly recommend Drew and I hope we can do many more shoots together!

Eva Mengling

I really enjoyed working with Drew. Our communication is very clear and friendly. During our shoot, Drew is very considerate and respectful. His friendly and encouraging manner really helped me to stay in the free flow of creativity.

He has very good eyes for photo settings and spotted a few surprisingly beautiful places. He is also very good at using natural light. I will definitely recommend Drew for anyone.

Rokky Horror

Was really excited to have my first ever shoot with Misty Morning Photography, our comms were all amazing, super chatty and friendly guy very professional in the respect that he was so on point with sorting out all the finer details so we knew exactly what we were doing and what we were shooting with!

From the moment I met him at the station he was just so happy, I felt super comfortable throughout the entire shoot and he was so respectful and extremely considerate and prepared! Lots of laughs were had and we got some absolutely amazing photos, I hope this won't be the last time we shoot together ! Thank you for a brilliant day!

Libby Cwtch

Had an amazing outdoor shoot with Misty yesterday. He arrived on time from the train station. We then went to the Bay, then Penarth Marina, he made me feel at ease straight away and cheerful at all time - really nice gentleman. Looking forward to the images and working with him again near future. Highly recommended. Thanks Kelly

Great shoot this afternoon with Andrew! He was so friendly and helpful during the shoot, spotting the appropriate location for each outfit change. We had a great laugh and I would love to work with you again. Thank you

"Misty Drew" and I arranged a shoot with ease. His pre shoot communications were fantastic and well thought out, including all the information I could need. He went above and beyond to make sure I was comfortable and happy throughout.

During the shoot itself we split it between location and a home shoot, and throughout both, Misty was polite and professional. I'd highly recommend Misty, and wouldn't hesitate to work with him again.

Thanks for a fab shoot! Angel x

(Events Manager for St Peter's Hospice)

Drew has helped us enormously at St Peter's Hospice by photographing our recent fundraising events. His photos are absolutely perfect, high quality and capturing all the different moments and emotions at the events, with some great natural shots and variety. He's been wonderful to work with, so friendly and accommodating, nothing is too big an ask – even getting photos from the roof edge at our abseil! We're really grateful to Drew and can't recommend Misty Morning Photography enough.

Nadine TS (for Evan & Byron)

They were very high quality and natural.

Drew was the photographer at a well-being event that I assisted in organising and taking part in and
I highly recommend his photography skills to anyone, as he is very talented.

He is also very sweet and easy to get on with and very organised and hard-working. The reason I'm
writing this recommendation is because I want others to know about his skills as it'll be a waste
otherwise!
